## **DON'T BE A VICTIM TO FRAUD!**

We have had members concerned that they have received phone calls, and had messages left requesting their personal information and inquired what to do.

Below are a few examples of current scams in circulation recently.

- \* If a Bank or Credit Union calls you and tells you that they have blocked your credit card for your protection AND then ask for your card number or pin number to reactivate your card, **HANG UP! THIS IS A SCAM!** Your Credit Union or Bank 2728 already has that information.
  
- \* If the IRS calls you on the phone and says that you owe back taxes and you need to pay today or they will issue a warrant for your arrest. **HANG UP! THIS IS A SCAM!** The IRS will NEVER contact you by phone for payment. You will always be notified in writing by US Mail.
  
- \* If you are contacted that you have missed Jury Duty and there is a warrant out for your arrest and they are requiring you to give them your credit card number or mail them a prepaid VISA card to cover the fines to stop the arrest. **HANG UP! THIS IS A SCAM!**

Our goal is to help make you aware of potential fraud and to help protect you and your finances. It is on the news and in the headlines everyday about criminals coming up with new ways to try to access your personal and financial information.
